Important:

➤ If your partner is unable to make it that night, you have some options:

- You can play 2 balls up to the green (you can putt 2 balls once on the green)
- You can hit 2 Mulligans
- You can get a sub to step in (**Ref. Sub list**) (**We encourage you to find a sub to play.**)
- You can coordinate with your partner to make up the round and golf. Contact Don for the make up schedule. (**Communicate to the team you're scheduled to play**)

Mulligan Shot: Each team member gets 1 Mulligan for the round, if playing as a single you can hit 2 Mulligans for the round.

When you declare that you're going to use a Mulligan and hit the shot you still have the option of best ball, in other words you don't have to use the Mulligan shot, you can use the first shot hit.

If you don't use the Mulligan shot ball location that does not mean that you get to keep it for later in the round. Once you declare and hit the Mulligan shot it is used.

TWO PERSON SCRAMBLE LEAGUE:

Ball Placement From Tee To Green:

Golfer A and Golfer B form our team in a 2-Man Scramble tournament. On the first tee, both golfers hit drives. They compare the results. Which ball is in the best position? Let's say Golfer B's drive is best. So Golfer A picks up his ball and moves it to the location of Golfer B's. *(The most commonly used criteria for placing the moved ball is to place it within one club-length of the selected ball's position without improving the lie.)*

Both golfers hit their second shots from that location. They compare the results of the second strokes and, again, select the ball in the best position. The other golfer moves his or her ball to that location.

Bunkers (sand traps) are in play this year however you are allowed to pick and place the ball with-in approximately 6 inches of original landing spot in the bunker.

Tee Positions: (**Gold**) Any player 60 and older, (**Red**) Ladies, (**White**) all other players

On the Green

When the teams reach the green, they follow the same protocol for deciding which shot was preferable between the two players as they did from the tee box and fairway. The only difference (*on the green is that the lifted ball must be placed within one putter-width of the other ball marker*) No Mulligans May Be Used on the Green.

To Speed Up Play:

Only take **3 minutes** to search for a lost ball. **Then move on.**
